

Preliminary Program
NORA Symposium 2008: Public Market for Ideas and Partnerships
Sheraton Denver West Hotel, Denver, Colorado
July 29, 2008

- 8:30-8:45** **Welcome**
Sid Soderholm, PhD
NORA Coordinator, National Institute for Occupational Safety and Health
- 8:45-9:15** **Keynote Address**
NORA at Twelve: Transcultural Occupational Safety and Health
John Howard, MD, MPH
Director, National Institute for Occupational Safety and Health
- 9:15-9:45** **2006 Award Presentations**
- 2006 National Occupational Research Agenda Innovative Research Award**
Reducing the Impact of Green Tobacco Sickness Among Latino Farmworkers
Thomas A. Arcury, PhD
Professor and Research Director, Department of Family and Community Medicine, Wake Forest University School of Medicine
- 2006 National Occupational Research Agenda Partnering Award for Worker Health and Safety**
Slip, Trip, and Fall Prevention in Health Care Workers
Jim Collins, PhD
Associate Director for Science, Division of Safety Research, National Institute for Occupational Safety and Health
- Collaborative Partnerships and Products of the NIOSH Hazardous Drug Working Group*
Melissa A. McDiarmid, MD, MPH, DABT
Professor of Medicine and Director, University of Maryland, Occupational Health Program
- Go to <http://www.cdc.gov/niosh/nora/symp06/award06.html> for more information on the 2006 Awardees
- 9:45-10:00** **2008 Awards Announced**
Bonnie Rogers DrPh
Chair, NORA Liaison Committee
- 10:00-10:30** **Break**

10:30-11:45

Sector Workshops

- Agriculture, Forestry and Fishing
- Construction
- Healthcare and Social Assistance
- Manufacturing
- Mining
- Services
- Transportation, Warehousing and Utilities
- Wholesale and Retail Trade

11:45-1:00

Lunch (provided)

1:00-2:15

Sector Workshops (repeated)

- Agriculture, Forestry and Fishing
- Construction
- Healthcare and Social Assistance
- Manufacturing
- Mining
- Services
- Transportation, Warehousing and Utilities
- Wholesale and Retail Trade

2:15-2:30

Break

2:30-5:00

Poster Presentations

001. Declining Health Insurance Access Among US Workers: Not all Jobs Are Created Equal
002. The Effect of Perceived Stress of Military Aeromedical Crewmembers During an Aeromedical Training Mission on Individual and Team Performance
003. Work Stress: Societal Costs and Organizational Components
004. Moderators in the Relationship Between Occupational Emotional Labor and Burnout
005. The Use of Workers' Compensation Data to Investigate Tractor-Related Injuries in Agriculture
006. The Use of Workers' Compensation Data to Investigate Livestock-Handling Injuries in Agriculture
007. Hearing Difficulty Attributable to Employment by Industry and Occupation: United States, 1997-2003
008. Intervention Devices for Overhead Drilling: Looking for Other Applications
009. Ventilation Standard Development for Confined-space Manure Pits
010. Towards Improved Thin Profile Sensor Technologies for Field-based Grip Force Exposure Assessment
011. Influence Of Perceived Stress On Glycemic Levels In City Police Officers
012. Leveraging Occupational Epidemiology and Biomechanics to Reduce Workplace Injury and Illness
013. Development of Non-invasive Sensors to Detect Pesticides in Saliva
014. Preventing Fatalities due to Falls Overboard: Evaluating Personal Flotation Devices
015. Project Safe Talk: Safety Communication Training for Construction Workers
016. Childhood Agricultural Injury Prevention Research: Ten Years of Progress

017. Targeting High Risk Tasks in Residential Construction
018. Fall Prevention Interventions in Residential Construction
019. Getting the Word Out: Evaluation of the Fire Fighter Fatality Investigation and Prevention Program
020. NIOSH Injury Intervention Evaluation Research: Industry Partnerships
021. Companion Guardrail: New Fall Arrest Device for Mobile Scaffolds Under Ten Feet
022. Health Effects of Power Relations and Abusive Supervision among Latino Poultry Processing Workers
023. NIOSH Agricultural Centers - National Agricultural Tractor Safety Initiative
024. Hazardous Drug Exposures to Health Care Workers
025. Filling the Information Gap with NIOSH National Occupational Mortality Surveillance (NOMS II) Data
026. A Proposed National Health Interview Survey Supplement for Occupational Health Surveillance
027. Field Evaluation of an Ergonomically Designed Hand Tool
028. Training in Prevention of Workplace Violence for Small Businesses
029. Protecting Workers from Falling from Unguarded Edges with an Innovative Guardrail System
030. Washington State Trucking Injury Reduction Emphasis (TIRES) Program
031. The Relationship of Workers' Compensation Costs to Other Employer Health and Productivity Costs
032. Dirty Doffing Evaluation: Improving Continuity of Protection Through Decontamination and Doffing
033. Safety Discrimination and Demonstration Following Training of One or Two Stimulus Classes
034. Use of Blunt-Tip Suture Needles to Decrease Percutaneous Injuries to Surgical Personnel
035. Developing Effective Training Materials for the Oil and Gas Extraction Industry
036. Longitudinal Assessment of Respiratory Symptoms and Pulmonary Function Among Flavor Industry Workers
037. Occupational Disease and Mortality in US Manufacturing Industry Workers
038. Mobile Learning Trials in Occupational Safety and Health Topics and Applications
039. What Do Occupational Preventive Medicine Physicians Actually Do?
040. Widespread Personal Respiratory Protection (Respirators) for Epidemic and Terrorism Concerns
041. NIOSH's Emergency Preparedness and Response Strategic Goals for Research
042. NIOSH WorkLife Initiative: Protecting and Promoting Worker Health through Comprehensive Work-Based Programs and Policies
043. NIOSH DBIS News Videos
044. Safe-In-Sound Award. A Partnership to Identify and Promote Excellence and Innovation In Hearing Loss Prevention
045. Ladder "Add-Ons" to Improve Worker Safety: Safe Last Step and Modified Third Leg
